Golf - OCEAN CLUB GOLF COURSE

Price: TBD

SELECT

The Ocean Club on Paradise Island features a championship golf course that offers a challenging but fair game. Although it was originally a Dick Wilson-design, Tom Weiskopf redesigned the course entirely in 2000 to make it more challenging. Also,

much of the dense vegetation that was previously on the golf course was removed to better display the scenic coastline views. Due to its seaside location, there are strong, temperamental winds that will challenge even the best golfer's skills. Wetlands and lagoons of varying sizes create water hazards that come into play on a number of The Ocean Club's holes. There are strategically placed bunkers throughout and a few elevated greens for added challenge.

MANDARA SPA

Ancient techniques from Asia, traditional European spa therapies, and natural spices, fruits and minerals indigenous to The Bahamas meld together to provide the most unique treatments and the ultimate rejuvenating experiences.
